Re: Swedish Patent Appln. 5153/69  
Our File 582-534 Sweden, PM 478

Dear Bill:

We are enclosing a copy of an Official Action received in subject case from which you will note that response must be filed not later than January 21, 1972 and accordingly, we would like to have your instructions in regard to response by December 1, 1971.

As to the Action, we can take care of the form matters but we should like your instructions in regard to which of the inventions you wish to be prosecuted in the present application and as to the remaining, if you wish a divisional case to be filed.

Copies of the two patents cited by the Examiner are on order and will be sent to you as soon as we receive them.

Very truly yours,

*George J. Brandt, Jr.*
